COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

THE APPLICATION OF CLARK ENERGY)	
COOPERATIVE, INC. OF WINCHESTER,)	
KENTUCKY, FOR COMMISSION APPROVAL)	CASE NO.
OF A CERTIFICATE OF PUBLIC CONVENIENCE)	2007-00181
AND NECESSITY TO CONSTRUCT ACCORDING)	
TO THE COOPERATIVE'S 2006-2010 FOUR YEAR)	
CONSTRUCTION WORK PLAN)	

O R D E R

Clark Energy Cooperative, Inc. ("Clark Energy") filed its application on July 13, 2007 for a Certificate of Public Convenience and Necessity ("CPCN") to construct certain improvements and additions to its existing plant at an estimated cost of \$16,283,900. In support of its application Clark Energy filed its 2006-2010 Work Plan, which describes in detail the improvements and additions to its plant that are required to serve its load.

Clark Energy seeks authorization to construct extensions and additions to its plant as follows:

1. Service membership construction totaling 151.7 miles	\$7,733,633
2. Transformers and meters	1,620,759
3. Service upgrades for existing members	751,962
4. Sectionalizing equipment and activities	283,000
5. Voltage regulators and activities	139,800
6. Pole replacements	1,498,560
7. Conductor replacements	954,700
8. Security light installations	760,986
9. System improvement projects	2,265,500
10. SCADA System	275,000
TOTAL	\$16,283,900

The proposed construction will enable Clark Energy to continue to provide adequate and dependable electric service to its customers. The system improvements recommended in this Work Plan will not duplicate existing facilities and are needed to correct voltage programs, improve phase balance, and provide for improved service reliability.

Based on the application, the supporting 2006-2010 Work Plan, and being otherwise sufficiently advised, the Commission finds that the proposed improvements and additions to be constructed by Clark Energy are necessary to provide adequate, reliable, electric service to existing customers and anticipated new customers.

IT IS THEREFORE ORDERED that Clark Energy is granted a Certificate of Public Convenience and Necessity to construct the facilities described in its 2006-2010 Work Plan.

Done at Frankfort, Kentucky, this 15th day of November, 2007.

By the Commission

ATTEST

Executive Director
